

IMPACT for Enterprising Women

IMPACT for ENTERPRISING WOMEN is proud to be the oldest women's networking group in Phoenix. It was founded in 1979, by some very forward thinking women who saw a need to connect with other successful businesswomen.

IMPACT is the local affiliate of the **National Association for Female Executives (NAFE)**. Founded in 1972, **NAFE** is the largest women's organization in the country.

IMPACT is a 501(c)3 non-profit, educational, non-political organization. The focus of community outreach is providing academic scholarships to mature women returning to college. These "re-entry" women are students at Arizona State University and Maricopa Community Colleges who are pursuing a business degree.

IMPACT'S MISSION:

IMPACT is dedicated to helping women make a positive difference in their life, their community, and their workplace.
